## Fix That Hut: Terms & Conditions

### 1. Material provided

For successful application, IKO PLC will provide suitable materials to waterproof/weatherproof the roof, please note that we cannot supply insulation materials, replacement roof decks or other build up/structural elements as part of this scheme.

IKO PLC will ensure that all materials provided are to a high standard, and that they are fit for purpose. Where possible we will endeavour to accommodate application /product preferences, but ultimately IKO PLC retains the right to make the final decision on the products to be used.

Where asbestos exists on the current roof, IKO PLC is unable to assist until the stage when the asbestos has been removed and made safe.

### 2. Site survey

Visits by IKO PLC engineers will be arranged as soon as practically possible, although please note that this will be dependent upon current workloads, location and engineer availability.

### 3. Installation

Contractors used to carry out roof repairs should be sourced by and financed by the applicant. In certain situations IKO PLC may be able to recommend a suitable contractor.

The selected contractor is required to adhere to the specification given by IKO PLC and use the IKO PLC materials provided.

The material provided by IKO PLC must be installed in accordance with the current codes of practice, by a competent person.

### 4. Delivery

Materials can be delivered into a local builder's merchant/ roofing distributor, selected by IKO PLC or direct to site depending on the nature of the project.

When delivered direct to site, it is the applicant's responsibility to ensure there is a capable person there to receive and unload the vehicle.

### 5. Communications

Following the donation of materials, IKO would ask for post-installation photos to be supplied by the lead applicant alongside a quote for future PR initiatives.
