IKOtrim L

Technical Data Sheet – Section 11.00

PRODUCT INFORMATION

IKOtrim L, is a roof edge trim, manufactured from GRP (pultruded glass fibre reinforced polyester resin). The trims are thermally inert with a low coefficient of expansion.

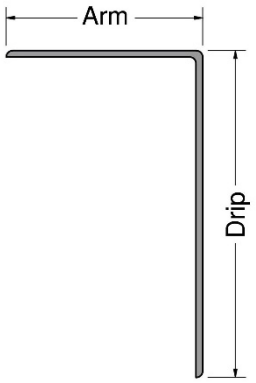

USE

Thermally inert preformed GRP edge trims for use with IKO flexia liquid applied waterproofing systems, including IKO metatech (PMMA), IKO tanetech (PU) and IKO hybritech (polymer) liquids.

This product must be installed by an IKO Approved or Registered Installer. All work must be undertaken in accordance with the requirements of the specific information provided with the issued IKO Specification document, or guidance documents where applicable.

OPTIONS

Drip (mm)	Arm (mm)	Type	Black
100	60	3m length	46310001
		internal corner	46310002
		external corner	46310003

FEATURES & BENEFITS

Thermally inert - will not distort or warp with temperature changes.
Maintenance free - no painting required (will not rot or rust), resistant to atmospheric pollution, and UV stable.
Lightweight - easily handled, strong and durable.
Simple installation - easily cut and drilled.

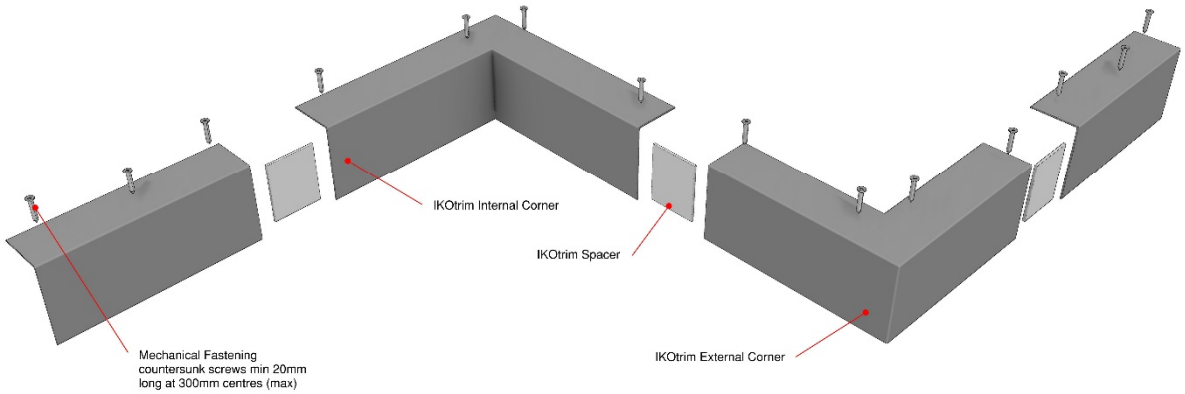

COMPOSITION

Material Type:	GRP
Form:	Pultruded Sections
Colours:	Black
Linear Unit	
Drip and Arm Dimensions:	100mm and 60mm
Length:	3m
Corner Units	
Drip and Arm Dimensions:	100mm and 60mm
From Corner Dimension:	240mm either direction
Orientation/Angle:	90° Internal/ External

IKO PLC is a company registered in England with company no. 2678296

INSTALLATION

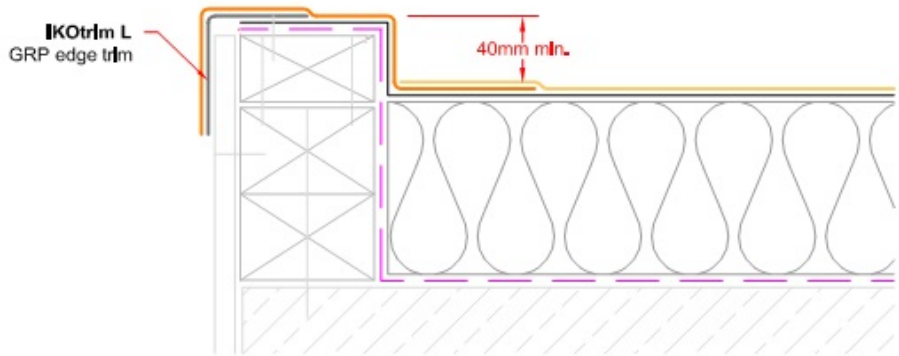

Secure IKOtrim L Edge Trim, in between the waterproofing, mechanically fastened 30mm (max) from the ends at 300mm centre maximum (150mm centres for areas of high wind uplift). Using countersunk screws or suitable fixings (minimum 20mm long) into the sound substrate.

Any trim with a drip length of greater than 150mm must also be face fixed with mechanical fixings, to prevent wind uplift.

When fixed the drip should have a 3mm clear gap from wall or fascia.

Prime trim arm with specified primer and install specified detailing cap sheet: Pressed into channel of trim.

For further information please refer the IKO Specification Document

DURABILITY

When installed as part of a IKO specified built-up roof system and conditions are maintained as per IKO literature, relevant Codes of Practice and UK Building Regulations, the product will last the period of the IKO specified system guarantee.

IKO PLC is a company registered in England with company no. 2678296

IKO GRP Edge trims

IKOtrim are available for a range of waterproofing applications:
IKOtrim L - GRP edge trims for Liquid Applied Waterproofing
IKOtrim F - GRP edge trims for Reinforced Bitumen membranes
IKOtrim A - GRP edge trims for Asphalt
Please refer to the relevant IKO technical datasheet for further details

OTHER RELEVENT DOCUMENTATION

Where applicable, Material Safety Data Sheets (MSDS), Declaration of Performances (DoPs), and Third-Party Accreditations are available to view and download from the IKO website Resource Centre:

COMPANY ACCREDITATIONS

IKO PLC, a roofing, waterproofing, and insulation company, holds various accreditations that demonstrate its commitment to quality, safety, and environmental responsibility. These include ISO certifications for quality management and occupational health and safety, British Board of Agrément (BBA) accreditations for specific products and systems, and Factory Mutual (FM) approval for certain roofing systems.

All our manufacturing plants have BS EN ISO 9001, BS EN ISO 14001, BS EN ISO 45001, and BES 6001 accreditation, meaning we match the quality and sustainability requirements and use responsibly sourced raw materials in our production. We also re-use by-products from manufacture, wrap products in minimal packaging, and we employ a streamlined transportation network.

IKO is also a leading member of all relevant trade associations such as NFRC, BFRA, SPRA, LRWA, MAC, RSTA, BJA and LCRIG having technical experts within the technical and standards committees to help us get informed first-hand about recent updates on technical requirements for the design and installation of roofing, waterproofing, road and bridge maintenance industry products.
